

# PRESS KIT

# Meet me <3

**24am is a swiss/algerian performer and artist working on topics about queerness, disabilities, decolonialisation and sex work. They are a pole dancer and does sex work online in virtual reality. Their approach to sex work range from political implications but also allies their experience and critics in various institutions ranging from the hospital, the school, the internet and the club. They draw attention to tensions draws between intimate vs public topics ranging from performance to exhibitions. They know delves into transmission trough workshops held in HEAD centered for all levels open for all.**

# HOSPITALITY RIDER

- One chair available for me in case I require it for my disability.
- Unlimited water before, during and after my performances.
- I would need to rehearse the performance before the event but never in the early morning.
- I have severe dairy intolerance. Cross contamination needs to be checked for me.
- A private, secure, lockable room for changing and storing personal items, especially if it is a public venue.
- I own a xpole stage lite 45mm in chrome and can bring it but would add more for the payout if I carry it.
- If I come by car, would need a parking spot for the event. I can go in train too (AG).
- Clean towel for the pole and my body.
- Someone to clean the pole between sets.
- 2 meters diameter free zone between me and the public.
- Pictures allowed but would need to be credited if used.
- Access to my pictures/videos and I can use them for my promotion with the credit of the photographer
